Final Note by the Second Member of Council.

Subject:-

Application of the Rev. Mr. A. R. Slater for certain concessions for a Dispensary to be opened at Hole-Narasipur.

In June last the Rev. Mr. Slater applied to the then Acting Dewan Mr.A.R.Banerji, for the marginally noted concessions for the Dispensary which the Mission authorities propose to open at Hole-Narasipur for rendering medical aid to the women and children of the District in and around that place as well as to the wives and children of the Railway employees between the stations of Hassan and Hole-Narasipur, the Medical staff of the Redfern Memorial Hospital at Hassan visiting Hole-Narasipur for the purpose once or twice a week.

(1) a building grant of Rs.1,000.

(2) three railway passes for the Medical staff.

2. The Agent, Mysore Railways, who was consulted in the matter of railway passes, has no objection to the grant of two passes, one first class and one third class, as the Medical Staff would render medical aid to the families of Railway employees also. As regards the building grant, the Senior Surgeon reports that the District Board are not willing to make any contribution as they consider that no good would come out of a weekly dispensary such as that proposed by Mr. Slater. The Municipality of Hole-Narasipur, however, it is understood, is prepared to grant a free site as well as an initial grant of Rs.500/- for the dispensary.

Page 7 of Office Notes

3. When the papers came before me I recorded the following minute:-

" In spite of the reluctance of the District Board, Hassan, to encourage the opening of a dispensary by the Mission authorities

11

I think the idea is good and the building grant of Rs.1,000/- asked for may be given. A number of itinerating dispensaries have been opened and they are reported to be doing good work. I do not see any reason why this itinerating dispensary should be condemned. It may be made a condition that the dispensary is kept open at least two days in a week. In view of the letter of Mr. Banerji dated the 30th April, we cannot very well reject the application."

Y

Page 7 of office Notes

4. The Dewan has agreed to these proposals.

5. The Hole-Narasipur Municipality having consented to contribute Rs.500/- for the proposed Dispensary, the balance of the building grant applied for viz., Rs.500/- may be paid from State Funds out of the provision of Rs.25,000/- made in the current year's budget for the opening of new dispensaries.

6. The above recommendations may be graciously approved.

M. Kumaraswami

MYSORE STATE.

FROM
REV. ARTHUR R. SLATER

June 19th 1919.

Proto Workshop Cadets
expenditure 1918
dtd 25-10-18.

To the Dewan,
Government of Mysore.

Dear Sir,

As requested by you in your letter D O M 30 dated April 30th, I am submitting the scheme for the opening of a Dispensary for Women and Children in the town of Holenarsipur.

1. The proposal is to establish a dispensary which will be visited once or twice a week from Hassan Redfern Memorial Hospital, for giving medical aid to the women and children of the District in and around Holenarsipur. Incidentally, the services of the English lady doctor will be available for the wives and children of the Government servants who work in connection with the Mysore State Railway between the stations of Hassan and Holenarsipur; Hassan and Dudda where another dispensary is established.

2. Mrs Slater, M.B., B.S.(Lon) will be in charge of this work.

3. I propose to erect a small building in the town of Holenarsipur, costing Rs 2000. Plans for this have been drawn up, and will be carried out at an early date.

4. The Holenarsipur Municipality has already passed its approval of the scheme and have readily sanctioned a suitable piece of land in the centre of the town.

5. A few personal friends have kindly promised to provide the medicines required, but I wish to apply to the Government for a building grant of Rs 1000.

6. In addition, I request that Railway passes may be given to the medical staff who will visit Holenarsipur, two Europeans and one Indian.

As I am anxious to inaugurate this work as quickly as possible I shall be grateful if the Government of Mysore can give me a reply to my application as soon as possible.

I have the honour to be,
Your obedient servant,

Arthur R Slater

D.O. No. 39

Lake View,
Mysore,
30th April 1919.

Dear Sir

Thanks for your letter dated the 28th instant. It is difficult to commit Government to any promise regarding a building grant at this stage. I shall be obliged if you will kindly send me your scheme. I can assure you that Government will be ready to help substantially in any scheme that the Mission may start for medical aid to women and children.

Yours sincerely,
(Sd) A. R. Banerji.

Rev. Arthur R. Slater,
Hassan.

HASSAN,
MYSORE STATE.

FROM
REV. ARTHUR R. SLATER

June 19th 1919.

Dear Mr Banerji,

I am sending you an official application for a building grant for the proposed dispensary in Holenarsipur about which I wrote you some time ago. The scheme has received the full approval of the Mission authorities, and the Holenarsipur Municipality had readily granted a capital piece of land for the building. For the present it will be visited from Hassan, and we hope to get patients who need hospital treatment into the hospital here. My wife is willing to undertake the work, unfortunately, for some reason we cannot understand the railway people have altered the morning train to Holenarsipur to 5 am which means the person who goes has to get up at the unearthly hour of 3.30!! I also ask that railway passes be given to those going, for without this help it would be quite impossible to carry out the scheme. So far as the railway is concerned, it would be possible to afford help to the womenfolk of the employees on the stations between .
I shall be glad if you can the matter quickly settled so I can make a beginning.

What about the grant for the Redfern Memorial here? I trust you will soon be able to give sanction to it.

I hope you are none the worse for your heavy time in Mysore.

Kind Regards Yours sincerely
Arthur R Slater

The Chief Secretary to the Government of
H. H. the Maharaja of Mysore,
~~Department,~~ Bangalore.

24

Sir,

With reference to your letter No.G.2137, dated 26th July 1919 for an early ~~reply~~ expression of my opinion on the subject of grant-in-aid to the dispensary proposed to be opened at Holenarsipur by Mrs. Slater of Hassan, I have the honor to state that, from the letter of Mr. Slater, forming an enclosure to your letter of the 8th July 1919, the proposed dispensary is to be visited only once or twice a week by the Medical staff of the Redfern Memorial Hospital, Hassan, for giving medical aid to the women and children in and around Hole-Narsipur.

According to the Census of 1911, the town has a female population of 3,513 and the Hobli, 10,525 and the existing Local Fund Dispensary has afforded medical relief to 6,240 women and children during 1917. Under these circumstances, the President of the Hassan District Board has been requested to communicate the views of the Board regarding the necessity for a separate female dispensary at the place and whether they would prefer to have a local fund female dispensary maintained or to sanction or recommend the grant-in-aid prayed for by the Mission authorities. On receipt of his reply a further communication will be submitted to Goverment.

I have the honor to be, Sir
Your most obedient servant

To the Chief Secretary of Government,

29

Bangalore.

Dear Sir,

In acknowledging your letter, dated Feb 13th, I beg to thank you for the grant of Rs 1000 sanctioned by the Government for the opening of a dispensary in Holenarsipur, mainly for women and children. Also for the two railway passes sanctioned for the medical workers.

27 FEB 1920

In your letter you state the condition that "the dispensary is kept open at least two days a week". I regret to say that we cannot at present, undertake to visit Holenarsipur more than once a week, on account of the the inconvenient morning train from Hassan to H Narsipur. As this train leaves at 5 a.m, and will thus involve the medical workers in increased difficulties which I should not feel was justified, as it would mean two broken nights each week. Their work is sufficiently heavy with the duties and responsibilities of the Redfern Memorial Hospital, and for the present, it would be most unwise to consider visiting H Narsipur on more than one day a week. When the service of trains is improved, and the visits can be made without undue strain on the staff, then it would be our strong wish to visit the town as often as possible.

Will you therefore please inform me whether the Government insist on this condition in making the grant.

I am,

Yours faithfully,

J Arthur R Slater
